

**MINUTES**  
**BOARD OF REGENTS**  
**MOREHEAD STATE UNIVERSITY**

**September 18, 1992**

The Board of Regents met at 10 a.m. on Friday, September 18, 1992, in the Riggle Room of the Adron Doran University Center in Morehead, Kentucky. Chairman William R. Seaton presided.

**CALL TO ORDER**

Chairman Seaton called the meeting to order.

**ROLL CALL**

On roll call, the following members were present:

Mr. James A. Finch  
Mr. Buckner Hinkle, Jr.  
Mr. L. M. Jones  
Mr. Chando Mapoma  
Mrs. Helen Pennington  
Dr. Charles M. Rhodes  
Mr. William R. Seaton  
Dr. Alban Wheeler

Absent:       Mrs. Lois Baker  
              Mr. John M. Rosenberg

Also, present for the meeting were Dr. Dan Connell, Chair of the Staff Congress; and Mr. Glen Acree with the firm of McBrayer, McGinnis, Leslie & Kirkland.

**OATH OF OFFICE**

The oath of office was administered by the Honorable John Cox, Judge of the 21st Judicial District, to Mr. Bucker Hinkle, Jr., appointed by Governor Jones, and to Dr. Alban Wheeler, Faculty Regent.

Members of the news media present were: Mrs. Judy Yancy, Director of Media Relations at MSU; Ms. Kim Hamilton, Managing Editor of The Morehead News; Mr. Pride Graff, Editor of The Trail Blazer; Mr. Jim Robinson, Daily Independent; and Mr. Tom Lewis, News and Public Affairs Director for WMKY.

**MINUTES OF MAY 22  
AND AUGUST 7, 1992**

Mr. Jones moved, seconded by Mrs. Pennington, to approve the minutes of the meetings held on May 22, 1992, and August 7, 1992, as distributed. Motion unanimously carried.

**RESOLUTION HONORING  
FORMER REGENTS**

Mr. Finch read "A Resolution Honoring William E. Cofield, T. T. Colley, Wayne M. Martin, and Charles D. Wheeler," former Regents of MSU, and moved its adoption. Dr. Wheeler seconded the motion, and the motion unanimously carried.

(Resolution attached to these Minutes and marked V.)

**COMMITTEE STRUCTURE**

Chairman Seaton appointed the members of the Board to the following Committees:

Academic Affairs

Buckner Hinkle  
Helen Pennington  
Charles Rhodes  
John Rosenberg  
Alban Wheeler

Administrative and Fiscal Services

Lois Baker  
Buckner Hinkle  
Jim Finch  
Helen Pennington  
Alban Wheeler

Student Development

L. M. Jones  
Buckner Hinkle  
Chando Mapoma  
Dr. Charles Rhodes

Mrs. Baker and Mr. Rosenberg will be consulted on their committee assignments.

## **BOND ISSUE, SERIES I**

**RECOMMENDATION:** That the Board ratify the actions taken by the appointed subcommittee relating to the sale of the Consolidated Educational Buildings Revenue Bonds, Series I, on June 24, 1992.

(Additional Background Information attached to these Minutes and marked VII-C-1)

Mr. Porter Dailey, Vice President for Administration and Fiscal Services, advised that the bonds sold on June 24, 1992. At the May 22 meeting, the Board authorized the sale of the bond issue for the purpose of funding the construction of phase one of the Lappin Hall project which was approved by the 1990 Kentucky General Assembly. A special Board subcommittee composed of Chairman Seaton, Dr. Wheeler, and Mrs. Pennington received the bids on June 24. The low net interest rate was received from Kemper Securities Group, Inc., and was accepted. The Lappin Hall construction project was awarded to Woodford Builders, Inc., Lexington. The total project scope was \$5,365,000, and the project is under construction.

**MOTION:** Dr. Wheeler moved, seconded by Mr. Jones, to approve the President's recommendation.

**VOTE:** The motion unanimously carried.

## **PERSONNEL ACTIONS**

**RECOMMENDATION:** That the Board ratify the completed Personnel Actions for the period May 4, 1992, through August 28, 1992.

(Additional Background Information and list of Personnel Actions attached to these Minutes marked VII-C-2).

Mr. Dailey noted that the Board was being asked to ratify all personnel actions that have occurred since May 4, 1992, through August 28, 1992. There were over 1,100 personnel actions encompassing actions such as: title changes, reclassifications, promotions, resignations, retirements, and supplemental appointments (e.g. summer school compensation, faculty over-the-road pay).

Dr. Eaglin described the format of the Personnel Action report.

Chairman Seaton asked about the creation of two new positions that were reflected on page 6. The administration will send the information to the Regents.

In response to a question on the University's Summer Fellowship Program, Dr. John Philley, Interim Executive Vice President for Academic Affairs, explained that it was an extension of the committee that handles research and creative production awards. Throughout the year awards are made to faculty to support proposals they submit for research activities. Uncommitted funds from that pool then support stipends for research activities during the summer.

#### **PERSONAL SERVICE CONTRACTS**

**RECOMMENDATION:** That the Board ratify the attached list of personal service contracts, which represents all such contracts issued with amounts greater than \$1,000 between May 9, 1992, through August 31, 1992.

(List of personal service contracts attached to these Minutes and marked VII-C-3).

Mr. Dailey explained that personal service contracts were those contracts the University had entered into from May 9, 1992, through August 31, 1992. Numerous contracts are entered into during the course of the year, some as a result of the bid process and others through special expertise only available from a particular firm or individual. Only those personal service contracts greater than \$1,000 are reported to the Board for ratification. All of these contracts must be approved by the Legislative Personal Service Contract Review Committee.

#### **AGREEMENTS WITH EXTERNAL AGENCIES**

**RECOMMENDATION:** That the Board ratify the list of agreements with external agencies.

(List of agreements with external agencies attached to these Minutes and marked VII-C-4).

Mr. Dailey stated that the University routinely enters into agreements with external agencies to provide academic support and public service. Primarily these are non-monetary agreements and are submitted to the Board for ratification. External grants through the University's Office of Grants and Contracts are excluded. Mr. Dailey

**1992-93 FEE SCHEDULE**

noted a correction on page 182 in the third item. The hospital affiliation agreement's ending date is June 30, 1993.

**RECOMMENDATION:** That the Board ratify the changes to the 1992-93 Fee Schedule.

(Additional Background Information attached to these Minutes and marked VII-C-5).

Mr. Ray Pinner, Director of Budgets and Management Information, advised that each spring in conjunction with the preparation of the annual operating budget, according to the requirements of KRS, the Board is asked to approve a fee schedule for the coming year. Some minor modifications are being recommended to the fee schedule. The child Development Laboratory Fee is being increased from \$850 to \$875 and a fee of \$25 is being set for the Bachelor of Science Nursing Challenge Examination.

Dr. Philley explained that through the Challenge Exam a student receives credit for certain courses in the curriculum which he/she has not formally taken but through experiences gained the knowledge.

Dr. Wheeler noted that it also provides an additional savings to the students.

**MOTION:** Mr. Jones moved, seconded by Dr. Rhodes, that Section VII-C, Sections 1, 3, 4 & 5 be approved.

**VOTE:** The motion unanimously carried.

**MOTION:** Mr. Hinkle moved, seconded by Mr. Finch, that the Personnel Actions be ratified.

**VOTE:** Motion carried with Dr. Wheeler disqualifying himself from voting due to reference to him in the Personnel Actions.

**RECOMMENDATION:** That the Board amend Personnel Policy on Employees Responsibility for University Keys and Property--PG 42.

(Additional Background Information and amended Policy on Employees Responsibilities for University Keys and Property attached to these Minutes and marked VII-D-1).

Mr. Mike Mincey, Vice President for Student Life, noted that in 1985, the University implemented a new lock and key system to enhance the security of all major administrative and academic buildings on campus. At that same time, the Board approved a policy that established guidelines for the issuance of keys to faculty members and employees of the University. The policy has proven to be too restrictive, particularly in the vice presidents' and deans' authorization to issue University keys. No provision is provided for any individual to act on their behalf during absences from campus under the current policy. The proposed amended policy allows the vice presidents and deans to designate an individual to act on their behalf and permits the issuance of keys to certain students.

**MOTION:** Dr. Rhodes moved, seconded by Mr. Finch, to approve the President's recommendation.

**VOTE:** The motion unanimously carried.

**OHIO VALLEY  
CONFERENCE REPORT**

Dr. Eaglin reported on the September meeting of the Ohio Valley Conference (OVC) presidents. He said as a result of the meeting there was now an opportunity for some alternative approaches in football. The presidents approved the following:

- To expand conference membership to an appropriate number of teams by the fall of 1994.
- All new members must compete in Division I-AA football and all other Division I sports sponsored by the conference.
- Once the conference has been expanded to the appropriate number, two football leagues will be developed that reflect common features of the membership of each league.

- The Ohio Valley Conference will retain the maximum number of Division I-AA football scholarships (currently 63), with a minimum of 44 full scholarships required to participate in the OVC. The new Division I-AA football league will not have any minimum scholarship requirements, and other guidelines for the new league will be developed by its members.
- With the expansion of the conference, home-and-home scheduling in all sports will be reviewed.

Dr. Eaglin reviewed what he believed to be the Board's mandate in terms of the University's intercollegiate athletic program: to keep a Division I program, remain in the OVC and limit the University's cost of an athletic program to no more than 3.6 percent of the educational and general expenditures. He said that the Ohio Valley Conference has created some flexibility within its requirements to remain in the OVC that will allow the university at the appropriate time to make decisions regarding our level of participation in football.

#### **1992-93 ORGANIZATIONAL CHART**

Dr. Eaglin distributed a tentative 1992-93 organizational chart for the University noting that the new chart reflected functions rather than people. Since the University must focus its attention on academic affairs, he said that the Division of Academic Affairs had been listed first. Some of the changes are:

- Office of Planning moved to the Division of Academic Affairs. Dr. Eaglin said that because most planning activities revolve around academic issues that this function should be located within the Division of Academic Affairs.
- Academic Vice President's title changed to Executive Vice President for Academic Affairs. This position will assume the responsibilities of the president in his absence and will be the second in command.
- Office of Public Safety transferred from the Division of Administration and Fiscal Services to the Division of Student Life. Dr. Eaglin noted that this was a philosophical change. This function deals more with

students and student issues rather than being a business function. By placing it within the Division of Student Life the director of public safety has the advantage of meeting with other professionals within the area of student personnel which will enhance that philosophical approach.

- The Affirmative Action Officer is now a separate function reporting directly to the President.

In response to a question concerning the position of School Relations Coordinator, Dr. Eaglin advised that the individual reports half-time to the President and half-time to the Vice President for University Advancement. Created in the mid-80's, Dr. Eaglin said he had found the position very helpful to his understanding of what is happening out in the region. In addition, the position also assists with recruitment activities in the Division of Student Life.

In a final report on summer enrollment, Dr. Philley said that the 1992 Summer I session had a very modest increase over the previous Summer I session. There was a two percent decrease in Summer II enrollment over 1991 Summer II. Dr. Philley said that basically he was pleased with the summer enrollment and found it somewhat remarkable to have only a slight decrease over the previous summer enrollment with 25 percent fewer classes being offered.

(Additional Background Information attached to these Minutes and marked VIII-B-1).

Dr. Philley announced that as of this morning, the 1992 fall enrollment had reached 9,007. He said that the increase can be attributed to the increased enrollment in the off-campus centers.

(Additional Background Information attached to these Minutes and marked VIII-B-2).

Dr. Eaglin cautioned against focusing on growth and indicated that the University's enrollment would stabilize. He suggested that the focus be on quality and indicated that from admissions indicators there appeared to be a higher caliber of new students in terms of ability and high school ranking. Dr. Philley pointed out that the average Admissions Index for new freshmen increased by 14 points this fall.

#### **FINAL REPORT ON SUMMER ENROLLMENT**

#### **PRELIMINARY FALL ENROLLMENT REPORT**

## **1991-92 SALARY REPORT**

Mr. Dailey provided an overview of the 1991-92 salary report. He said the report was the result of Kelley, Galloway and Company's recommendation last year that the Board be provided a year-end report showing the total salaries of all salaried employees. The report reflects the base salary approved by the Board for all faculty and staff members beginning July 1, 1991, any adjustments to that salary, and the total salary earned by each employee.

(Additional Background Information and report on 1991-92 Employee Compensation attached to these Minutes and marked VIII-C-1).

Dr. Eaglin said that he was pleased with the report and that it fit into his concept of openness within the institution. He admitted that he was amazed with some of the supplements and that to his knowledge, it was the first time such a report had been prepared. He said that if there were any problems or difficulties within the report, they would be addressed.

## **REPORT ON STUDENT HOUSING**

Mr. Mike Mincey, Vice President for Student Life, reported that residence hall occupancy was 92 percent of standard capacity with 3,514 students living in the halls. The University has 182 family housing units and they are at 93 percent capacity. Compared with last year, the University is down about 5.5 percent overall in housing occupancy but is within 2 percent of this year's budget projection.

(Additional Background Information attached to these Minutes and marked VIII-D-1).

Dr. Eaglin indicated that student housing was being subsidized this year by educational and general funds. A long-term plan to address this problem is under development. A proposed plan will be brought to the Board in the next nine to ten months.

## **REPORT ON PRIVATE GIVING**

Mr. Keith Kappes, Vice President for University Advancement, reported that private giving had increased by 28 percent during 1991-92. The second year of the Ashland Oil Challenge grant was matched with gifts by businesses, alumni, and other friends and private foundations. Gifts reached \$1,297,197 in fiscal year 1991-92 as compared with \$1,012,918 the previous year. The total number of contributors grew by 13 percent to 3,727 individuals, corporations and other entities.

(Additional Background Information attached to these Minutes and marked VIII-E-1).

## **CAPITAL CAMPAIGN FEASIBILITY STUDY**

Mr. Kappes indicated that the Board of Trustees of the MSU Foundation, Inc. had approved a capital campaign feasibility study. Four factors influenced the decision:

- Obvious need for sustained financial support through endowment.
- Ten straight years of growth in annual giving.
- Donor base has now reached nearly 4,000 individuals.
- Dr. Eaglin's enthusiastic support and previous success in fundraising.

Dr. Eaglin explained that a feasibility study would not only tell if the institution was ready for a capital campaign, but it would provide for an independent third party, someone not affiliated with the institution, to check the health of the institution in terms of perceptions. For a capital campaign to be successful, not only will people have to like MSU, they will need to give money. Dr. Eaglin also noted that a friend of his would be conducting the study at no cost to the institution except expenses.

Mr. Jones moved, seconded by Dr. Rhodes, that the next meeting be set for Friday, November 20, 1992, at 10 a.m. Motion carried.

## **ADMINISTRATOR ASSESSMENT PLAN**

Dr. Wheeler distributed a proposed administrator assessment plan. Dr. Wheeler and Mrs. Pennington were appointed during the presidential search to develop a plan for presidential assessment. The proposed plan expands from presidential assessment to administrative assessment of all upper level administrators. Following are the guidelines:

### **I. Presidential Assessment**

- A. The Board will meet with the president annually during the spring semester to assess the president's performance. The president will submit a list of objectives to the Board of Regents at the beginning of each fiscal year,

which upon acceptance will become the criteria upon which the assessment will be based.

- B. The faculty and staff will assess the president's performance biannually. Initially, the Faculty Senate and Staff Congress will submit assessment plans to the Board of Regents by March 31, 1993. Upon ratification by the Board of Regents, each of the two bodies will implement its respective assessment plan during the spring 1994 semester and submit a report to the Board by March 31, 1994, and on alternate years thereafter.

## II. Vice President, Dean, and Director Assessment

- A. The Faculty Senate and Staff Congress will submit to the president plans for the annual assessment of all administrators from vice presidents to directors by faculty and staff as early as is practical but no later than April 30, 1993.
- B. Upon ratification by the president, the Faculty Senate and Staff Congress will implement their respective assessment plans and submit a report to the president by March 31 of each year.

Mr. Seaton expressed his support for such a process and said he hoped this institution would ultimately have a merit pay system rather than across-the-board increases.

Mr. Mapoma raised the question of student involvement in the process. Following discussion, Dr. Eaglin pointed out that the student regent would have involvement in the evaluation of the president. Chairman Seaton asked Mr. Mapoma to discuss student input with the committee that developed the plan.

Mr. Hinkle moved to adopt the assessment plan with the understanding that there will be some subsequent discussion that would address Mr. Mapoma's problem. Mrs. Pennington seconded the motion, and the motion unanimously carried.

## **PRESIDENT'S REPORT**

Mr. Seaton declared a 10-minute recess until 11:30 a.m.

Marking the 80th day of his presidency, Dr. Eaglin shared his perceptions of the region and what the future holds for MSU as the "spotlight" presentation. During this time, he said that he had made more than 5,000 contacts and learned that while there is a positive perception of this University, there is a limited understanding of the challenges the institution faces in the future. Those who attended the Governor's Conference heard loud and clear what faces higher education. The meeting also emphasized that the Council on Higher Education is working from a strategic plan for the state, and all institutions must have a plan that is harmonious with the state plan. Boards of regents and trustees should understand and direct institutional plans.

He noted that the Board endorsed institutional goals in February, 1990, from which a strategic plan was developed. Basically, it is a good document and those who participated in its formulation need to be congratulated; however, as with any planning document, continued refinement and analysis must take place. The document was based on certain assumptions in the external and internal environment of the institution. These assumptions were predicated on continued student and financial growth. Therefore, the document needs to be examined with the strengths and weaknesses that exist in the environment in order to validate the plan. During this year, the Planning Committee will be asked to focus on two objectives identified as important to the University's mission:

- To look at organizational issues with special emphasis on analysis and delivery of the academic programs.
- To audit the Final Report of the Educational Task Force and create an action plan. This report provides the implementation of a plan for the institution to develop full support for the Kentucky Education Reform Act (KERA) initiatives in the public schools.

Further, Dr. Eaglin outlined his goals for 1992-93:

- Create an atmosphere of openness and common purpose.

- Emphasis on the importance of the Faculty Senate's role in communicating advice and decision-making.
- Develop a more realistic approach to promotion and tenure and how it affects the institution's goals and objectives.
- Examination of the reward structure as to how it can better reflect good work.
- Place more emphasis on administrative decision-making at the departmental level.
- Build the budget process into planning in an open way.
- Become more knowledgeable of MSU's financial processes and procedures.
- Learn the political processes that influence MSU's budget.
- Develop a capital fund drive in the Foundation.
- Create a true sense of school identity among students.
- Instill an awareness of the importance of academic performance.
- Create a degree of civility in how we deal with one another individually and collectively.
- Enhance the appreciation of people different than ourselves.
- Insure safe and quiet, at the appropriate time, residence halls.

**COMMITTEE CHAIRS**

Mr. Seaton asked that the following Regents serve as temporary chairs of the committees appointed earlier in the meeting:

Administrative and Fiscal Services--Mr. Hinkle  
Academic Affairs--Dr. Wheeler  
Student Development--Mr. Jones

**BUDGET CONTINGENCY  
PLAN**

In response to Mr. Jones' suggestion that the administration develop a contingency plan to prepare the University for future budget cuts, Dr. Eaglin advised that he had asked the fiscal affairs committees of the Faculty Senate and Staff Congress to develop such a plan which would be presented to the Board at a future meeting.

**GOVERNOR'S CONFER-  
ENCE**

As a result of attending the Governor's Conference on Education, Mr. Hinkle asked for a report on the University's efforts in regard to desegregation and affirmative action.

**BOR ORIENTATION**

Mr. Finch commended Dr. Eaglin on arranging the orientation workshop for the Board in August and bringing in George Janik, the consultant from the Association of Governing Boards, to conduct the session. He said it was an excellent orientation.

**ADJOURNMENT**

There being no further business to conduct, the meeting adjourned at 12:15 p.m.

## **RATIFY THE SALE OF CONSOLIDATED EDUCATIONAL BUILDINGS REVENUE BONDS, SERIES I**

### **Background**

On May 22, 1992, the Board authorized the sale of Consolidated Educational Buildings Revenue Bonds, Series I. The proceeds of the issue will be used to fund the construction cost of Phase I of the renovation of Lappin (Science) Hall. The original construction cost authorization for this project was \$5 million. This amount plus a debt service reserve fund, bond discount, accrued interest, and issue costs combine for a principal total of \$5,700,000 for the Series I issue.

The Board appointed a subcommittee consisting of Mr. William Seaton, Mr. Tim Francis and Dr. Alban Wheeler to act on behalf of the Board to review and accept the bids received for the bonds. Mrs. Helen Pennington later replaced Mr. Francis on the subcommittee after Mr. Francis developed a schedule conflict with the sale date. The actions taken by the subcommittee were to be ratified by the full Board at the first regular meeting following the sale. Bids were received and opened on June 24, 1992. The bid from the firm of Kemper Securities Group, Inc. was accepted by the subcommittee as the lowest bid. The bid for the bond issue had a net interest cost of 6.1080%. The bond sale was subsequently closed and the bonds delivered on July 15, 1992.

The bids received for the construction contract for Phase I of the Lappin Hall project were more costly than the original project authorization of \$5 million. The lowest acceptable bid for the project was \$5,365,000.

A request was made to the Secretary of Finance and the Capital Projects and Bond Oversight Committee to gain approval for the variance in the contract cost, and to fund the variance from state contingency accounts. The project was approved at the higher cost, and \$365,000 was provided for the project from state contingency funds. The contingency funds were provided with the stipulation that any interest income earned from the investment of the bond proceeds be returned to the state contingency account, and that 50% of the construction contingency be returned at the conclusion of the project if unused. If 50% of the contingency (approximately \$130,000) is not available, the University would have to fund the difference from its fund sources.

### **Recommendation**

That the Board ratify the actions taken by the appointed subcommittee relating to the sale of the consolidated Educational Buildings Revenue Bonds, Series I, on June 24, 1992.

## RATIFY PERSONNEL ACTIONS

### Background

At the quarterly Board meeting, the Board of Regents ratifies all personnel actions that have occurred since the last quarterly meeting. The personnel actions are reported in the Personnel Action Report. The Personnel Action Report format is divided into two sections. The format and information in the Report follow the recommendation of the University's external auditor. The second section reports the Supplemental Actions while the first section, Appointment Status Actions, lists all other personnel appointments and actions. Examples of the type of personnel appointments and actions reported in the first section are: new appointments (temporary or regular), continuing appointments, retirements, resignations, leave-without-pay, reclassifications, salary adjustments, transfers and promotions. All actions reported as Appointment Status Actions are detailed at the beginning of the section with definitions of the major types of appointments included as additional background material to the agenda item.

The second section contains the Supplemental Actions. Supplemental Actions are defined in the Definition of Appointments. More information related to the University's personnel action processes, including definitions and policies, is contained in the University's Personnel Policy Manual.

The Appointment Status Actions section provides budgetary information on each appointment and personnel action. Included is information on a position's authorized Base Salary or wage (as approved annually by the Board of Regents in the University's annual Personnel Roster). Each approved position and Base Salary are internally monitored and controlled by its unique roster position identification number (Roster ID). Some new fixed term positions will also carry a roster identification number. The following information is provided to assist in understanding the information in the Appointment Status Actions:

- All regular, Board approved positions will be noted in the first column by Name, Title, Roster ID and Base Salary.
- The presence of a Roster ID signifies the Board's approval and funding for the position through the adoption of the annual Personnel Roster.
- The second column notes the Salary the appointee will receive.
- The Base Salary noted in column one and the recommended Salary can be different. If the recommended Salary is more than the Base Salary the source of the additional funds will be noted in the Fund Source column.

- If a Roster ID and Base Salary are not listed in the first column, then the appointment and position is a term appointment, e.g., it has a fixed ending date.
- A Fund Source for all new and continuing term appointments, e.g., fixed term wage payroll will be noted. A Fund Source will also be noted for a new Standing position. Often the fund source for a term appointment will be a Roster ID number. This signifies that the Roster position is vacant and that the funds from the vacant position are being used as the source of funds.
- Restricted appointments or term appointments do not have Roster ID's. The Board does not approve positions funded from external grants and contracts as part of the annual Personnel Roster approval process; however, the Board will ratify these appointments through the Personnel Action Report.

The Supplemental Actions section is explained as follows:

- Supplemental appointments are used to extend the duties and responsibilities of a current employee beyond the base contractual obligation and to compensate such an employee, where appropriate, for the additional duties.
- The Supplemental column notes the additional pay the employee is receiving. The report will list all supplementals an employee has received during the fiscal year. The Supplemental Actions report for this period is in two sections. The first section lists the supplementals for the period July 1, 1991 - June 30, 1992. The second section lists all supplementals since July 1, 1992.
- The Description column provides a brief description of the activity being performed.
- The Status column will contain the abbreviation "PA" or "RR." "PA" stands for a Prior Approval, meaning that the Supplemental Action has previously been approved by Board action. "RR" stands for Ratification Requested, meaning that the Board is being asked to officially act on the action at this Board meeting.

A Fund Source is not noted for many of the previous actions. Fund Source information was only added to the report after November 1, 1991.

### **Recommendation:**

That the Board of Regents ratify the completed Personnel Actions for the period May 4, 1992 through August 28, 1992.

## MOREHEAD STATE UNIVERSITY - DEFINITIONS OF THE DIFFERENT KINDS OF APPOINTMENTS

<b>Standing I</b>	Appointment to full-time faculty, administrative, or staff (exempt or non-exempt) position. Employed through budgeted funds with benefits fully covered. The Budget Control Number (Roster ID) will be in the Personnel Roster or a position will be assigned a control number if the position is established after approval of the Personnel Roster. Regular status.* No ending date.
<b>Standing II</b>	Appointment to part-time faculty, administrative or staff (exempt or non-exempt) position. Employed through budgeted funds with only legally mandated benefits. The Budget Control Number (Roster ID) will be in the Personnel Roster. Non-Regular status.** No ending date.
<b>Fixed Term I</b>	Appointment to full-time faculty, administrative or staff (exempt or non-exempt) position for at least six calendar months but not to exceed one year. (May be employed through Soft Money funds***). Non-faculty appointments may be renewed from year to year. Early retirement appointments may be made up to four years. Regular status with benefits fully covered.* Terminable on specified ending date of appointment, or earlier, if for cause.
<b>Fixed Term II</b>	Appointment to full-time (up to six calendar months) or part-time (up to one year) faculty, administrative or exempt position with appropriate benefits. May be employed through Soft Money*** or budgeted funds, with only legally mandated benefits. Non-Regular status.** Terminable on specified ending date of appointment, or earlier, if for cause.
<b>Supplementary</b>	Supplementary appointment to original agreement. For example, Summer I & II appointments or 9 month appointment extended to 10, 11, or 12 month appointment. Also used for additional responsibilities as supplement to Standing or Fixed Term appointment. For example, an administrator teaching a class or compensation for over-the-road pay or to designate an Acting or Interim appointment for a Standing or Fixed Term employee. Not to be used for overtime pay. Regular status* with benefits fully covered. A supplemental appointment does not change an employee's base pay or employment status.
<b>Visiting Appointment</b>	Faculty appointment with "visiting" as part of title. Can be full-time or part-time. Normally limited to one year. Employed through Soft Money.*** Non-Regular status with only legally mandated benefits.
<b>Wage Payroll</b>	Temporary appointment to a non-exempt position. May be full-time up to six months or part-time up to one year. Terminable on specified ending date of appointment, or earlier. May be employed through Soft Money.*** Non-Regular status with only legally mandated benefits.

\* Regular status denotes an appointment of a faculty, administrative, or staff member to a full-time position, with benefits fully covered, that will exist for at least six calendar months with the expectation of continuance.

\*\* Non-Regular status denotes an appointment of a faculty, administrative, or staff member to a position that is less than full-time or is full-time for a period not to exceed six calendar months.

\*\*\* Soft Money is defined as nonrecurring funds from University or external funds, for example, Federal grants, contracts, etc

## **RATIFY AGREEMENTS WITH EXTERNAL AGENCIES**

### **Background**

The University routinely enters into agreements with external agencies to provide academic support and public services. These agreements are generally accomplished without regard to monetary consideration and cover such services as providing clinical learning facilities for students enrolled in professional programs, classroom facilities for off-campus classes and agreements with other educational institutions and state agencies.

An agreement of the type being reported is initiated by the appropriate vice president, dean or director and is channeled through the University's administrative structure for approval by the President. The President, under the delegation provisions of KRS 164A, elected by the Board of Regents in 1982 and 1990, and codified as Kentucky Administrative Regulation (KAR) 755 is authorized to negotiate and execute contracts and agreements of this type. Arrangements have been made with the University's legal counsel for a local attorney to review each agreement before its execution.

### **Recommendation**

That the Board ratify the attached list of agreements with external agencies.

### AGREEMENTS WITH EXTERNAL AGENCIES

## REVISION OF 1992-93 FEE SCHEDULE

### Background

Pursuant to the requirements of KRS 164, the Board approved the University's 1992-93 Fee Schedule at the April 17, 1992 Board meeting. The Fee Schedule included the following language: "Fees presented on the Recommended Fee Schedule, other than the tuition rates established by the Council on Higher Education, are subject to revision by the President upon approval or ratification by the Board of Regents".

### Analysis

Ratification of the following changes to the 1992-93 Fee Schedule is requested:

	<u>Approved FY 1992-93</u>	<u>Revised FY 1992-93</u>
Athletics Admission Prices		
Volleyball - season reserved - Single	-	\$20.00
- Alumni	-	\$16.00
- season reserved - Family	-	\$35.00
- Alumni	-	\$28.00
gate general admission	-	\$3.00
- children under 12		\$1.00
 Child Development Laboratory	 To Be

Total Coliform (Verification of position sample)	-	\$12.00
 Fecal Coliform	\$8.00	\$10.00

Other fees approved by the Board in the 1992-93 Fee Schedule remain unchanged.

**Recommendation**

That the Board of Regents ratify the above changes to the 1992-93 Fee Schedule.

**AMEND PERSONNEL POLICY PG-42 - EMPLOYEES RESPONSIBILITY FOR  
UNIVERSITY KEYS AND PROPERTY**

**Background**

In 1985 the University implemented a systematic upgrade of the lock and key systems utilized for providing security to all major administrative and instructional facilities. At the same time, a management system was adopted under Personnel Policy PG-42 to control the process for the issuance and recovery of keys. Initially, keys were authorized only to University personnel with students not being permitted to receive University keys.

Current policy also restricts the authorization to issue University keys to vice presidents and deans. No provision for any individual to act on their behalf during absences from campus is permissible under current policy.

It is desirable to amend Personnel Policy PG-42 to allow the vice president and deans to designate an individual to act on their behalf. It is also desirable to further amend PG-42 to permit the issuance of keys to certain students.

The realities of the University's day-to-day operations and the increasing dependence on the utilization of student workers, in light of reduced budgets, make the expansion of the University's key control policy necessary to permit the issuance of keys to certain student workers and graduate students. The University's recent budget cuts and growth have caused the University to rely more on part-time student workers and graduate assistants than in the past. Music practice rooms, computer and/or research labs, recreational facilities, etc., are often staffed by student workers. The student workers must likewise often secure these facilities when not in use. The expanded utilization of student workers requires the key control management system to provide the flexibility to permit certain students to receive University keys; computer passwords, as appropriate; and access to other University resources to permit a student the full utilization of facilities and resources for them to be effective in their work assignments.

Graduate students pursuing research constitute another group of students requiring facility and computer access and utilization. As an academic institution, support and facilitation for such scholarly activities should be provided within the management guidelines of the University.

Attached is PG-42 as amended with the recommended additions to the policy highlighted and the deletions marked through.

**Recommendation**

That the Board of Regents amend PG-42.

Policy: PG-42

Subject

**Employee's Responsibility for  
University Keys and Property**

Approval Date: 11/04/85

Revision Date: 09/18/92

**PURPOSE:**

To inform employees and authorized students of their responsibilities regarding the care and attention of University keys and property.

**KEY CONTROL  
SYSTEM:**

Implementation of a key control system allows convenient access to facilities and provides for facility security. To obtain a key for personal use, the employee or authorized student must receive approval from their vice president or dean, or the vice president's or dean's approved designee, and obtain a key from the Office of Safety and Security. Key Request Forms can be obtained from the offices of the vice presidents, or deans, or the Office of Public Safety. Upon appropriate approval of the request, the employee or student will personally deliver forward the approved key request to the Office of Safety and Security Public Safety.

Upon issuance of a key, an employee the authorized individual is required to present a picture I.D. and sign a key agreement indicating that he/she will not duplicate the key or loan the key to unauthorized personnel and will return the key to the Office of Safety and Security Public Safety when no longer needed or upon separation from University employment or enrollment. Lost or stolen keys should be reported immediately to the appropriate supervisor(s) at which time a lost key report will be completed. In the event of negligence, a charge for a lock change may will be assessed when a key is lost or stolen. This charge must be paid by the employee or student before a new key is issued.

**UNIVERSITY  
PROPERTY:**

Employees or authorized students may be issued University property and other equipment necessary to perform their day-to-day duties and responsibilities. In addition, employees and authorized students may be given access to the University's computer system via passwords. It is the employee's or authorized students' responsibility that this equipment and material, as well as individual computer passwords, computer data bases and access to computer resources and equipment be maintained with the utmost care, and in full compliance with all University Administrative Regulations, and be protected from misuse and/or abuse. Once these materials have been provided, the employee or student is responsible until the materials are appropriately returned to the supervisor or appropriate University Office.

**EMPLOYEE PENALTY  
UPON VIOLATION  
OF POLICY:**

Violation of any part of the key agreement or the misuse and/or abuse of computer passwords, computer data base, or computing resources and equipment may result in revocation of all key or computer privileges and/or subject the employee or student to disciplinary action. Under Kentucky Revised Statutes, any person who knowingly makes, or causes to be made, any University key shall be guilty of a Class A misdemeanor. Likewise, misuse and/or abuse, destruction, or unauthorized access to University property and/or computer systems is subject to disciplinary action and/or dismissal from University employment or enrollment.

## ENROLLMENT, 1992

### Background

total enrollment  
35 percent  
advanced degree recipients  
approximately an equal distribution of freshmen, sophomores and juniors.

In the 1992 Summer I enrollment, the enrollment was slightly less than for 1991. Approximately 35 percent of the enrollment consists of graduate students working on advanced degree programs. The remainder of seniors completing undergraduate programs. Summer school enrollment consists of approximately an equal distribution of freshmen, sophomores and juniors.

### Information

The following tables illustrate and compare the Summer I and Summer II head-count enrollments and credit-hour production over a five-year period.

#### HEADCOUNT ENROLLMENT

	Summer I	Summer II	TOTAL	% Change
1988	2051	1594	3645	--
1989	2290	1644	3934	7.9
1990	2295	1895	4190	6.5
1991	2620	1984	4604	9.9
1992	2685	1826	4511	-2.0

#### CREDIT HOUR PRODUCTION

	Summer I	Summer II	TOTAL	% Change
1988	9,890	7,282	17,172	--
1989	11,006	7,457	18,463	7.5
1990	11,000	8,733	19,733	6.9
1991	12,505	8,754	21,259	7.7
1992	12,357	7,946	20,303	-4.5

The enrollment growth for the combined summer sessions over the five-year period reflects a 23.8-percent head-count increase and a 18.2-percent increase in credit-hour production.

## PRELIMINARY REPORT ON FALL ENROLLMENT, 1992

### Information

The preliminary head-count enrollment for the 1992 Fall term as of September 11, 1992 is 8,932, which represents a 2.1% increase over our final head-count enrollment last year. Final report on Fall 1992 enrollment is due to the Council on Higher Education on November 15, 1992. The following figures (with the exception of 1992) represent the University's reports to the Council on Higher Education.

#### HEAD-COUNT ENROLLMENT

	Fall	% Change
1988	7,379	--
1989	7,962	+ 7.9
1990	8,622	+ 8.3
1991	8,750	+ 1.5
1992	8,932	+ 2.1

#### FULL-TIME EQUIVALENCY

	Fall	% Change
1988	5,965	--
1989	6,500	+ 9.0
1990	6,966	+ 7.2
1991	6,939	- 0.2
1992	7,011	+ 1.0

#### CREDIT-HOUR PRODUCTION

	Fall	% Change
1988	93,106	--
1989	101,603	+ 16.3
1990	108,950	+ 7.2
1991	108,698	- 0.2
1992	109,511	+ 0.7

## **1991-92 SALARY REPORT**

### **Background**

In October 1991, Kelley, Galloway and Company (KGC) conducted a review of the process used by the University to report personnel actions to the Board. As stated in the May 22, 1992 Board Agenda, one of KGC's recommendations was that a report showing total annual compensation for each University employee be presented to the Board. Accordingly, a report detailing total University compensation earned in 1991-92 by each exempt (salaried) employee is attached.

The report includes all faculty and staff positions for exempt employees as authorized by the Board through the 1991-92 Personnel Roster and through subsequent personnel actions during the year. The report is presented in a format similar to the Personnel Roster, listing all employees by division in the budget unit in which they were employed in 1991-92. A few employees are appointed to serve in more than one position. For example, an employee may serve 75% in one position and 25% in another. The entire salary for such an employee is shown in this report under the primary position in which the employee worked in 1991-92.

Further explanation of the information presented in each column of the report follows.

### **ID No.**

Personnel Roster ID number for position in which employee worked. An ID number will not be reflected for employees who resigned prior to the end of the fiscal year or for most of the fixed-term faculty positions.

### **Appt. Date**

Beginning date of employment with the University for 1991-92. The appointment date for staff with continuing Standing I appointments was generally July 1. The 1991-92 appointment date for returning faculty was generally August 14. The appointment date for new hires after July 1, 1991 was the first day of University employment.

### **1991-92 Approved Base Salary**

July 1 Base Salary for each position as reflected in the 1991-92 Personnel Roster, approved by the Board on May 17, 1991. The 1991-92 Approved Base Salary often differs from the actual beginning salary of newly hired employees, due to the qualifications or experience of the new employee versus that of the last incumbent.

### **1991-92 Amended Base Salary**

Amended Base Salary for each position includes the effect of changes to the Approved Base Salary ratified by the Board for 1991-92. Changes to the Approved Base Salary are primarily the result of new hires, internal transfers, salary adjustments, and reclassifications within the Job Classification and Compensation System.

### **1991-92 Total Supplemental Pay**

Total salary earned by each employee in addition to the 1991-92 base salary. Supplemental pay is reported to and ratified by the Board each quarter as part of the Personnel Action Reports. Major categories of supplemental pay include summer school instruction, regional instruction, teaching overload, workshops and conferences, externally-funded research or services, educational bonuses, and terminal leave payments.

### **1991-92 Total Salary**

Total salary earned from all University sources for 1991-92.

With the submission of this report, the University has addressed all recommendations made by KGC in the October 1991 audit report.
